# EPR compliance report — Example Shop (sample)

VAT: EL000000000 · Established in: GR · Plan: Crossborder Check · Rules version: 2026.6-draft · Date: 2026-10-30

**Draft — to be checked by the Packio team before you act on it: Example company — sample report**

## Summary

| Market | Role | Representative | Packaging kg/yr | Est. fees/yr |
|---|---|---|---|---|
| DE · Germany | Producer | Needed | 820.0 | €290 |
| FR · France | Producer | Needed | 610.0 | €176 |
| IT · Italy | Producer | Needed | 540.0 | — |

## DE · Germany

• Register in LUCID (Zentrale Stelle Verpackungsregister) before the first sale (from 2019-01-01)
• Join a dual system (e.g. Der Grüne Punkt, Interzero, Landbell) (from 2019-01-01)
• Appoint an EPR authorised representative (PPWR Art. 45) (from 2026-08-12)
• Report packaging quantities — Routine reports per system contract; Declaration of Completeness only above thresholds (from 2027-05-15)
• Mainly paid to the dual system; LUCID itself is free.
• Labelling: Material identification under VerpackG §6; extra symbols voluntary.
• Food packaging: same EPR duties. PFAS limits and food-contact suitability belong to whoever makes or imports the packaging — if that is your supplier, ask for their declaration; if you make or import it, they are yours. (from 2026-08-12)

| Material | kg |
|---|---|
| Glass | 105.0 |
| Paper & board | 610.0 |
| Flexible plastic | 45.0 |
| Rigid plastic | 60.0 |

## FR · France

• Register in SYDEREP (ADEME) — unique identifier IDU before the first sale (from 2022-01-01)
• Join Citeo or Léko (from 2022-01-01)
• Appoint an EPR authorised representative (PPWR Art. 45) (from 2026-08-12)
• Report packaging quantities — Annual (window opens 1 Jan) (from 2027-02-28)
• Eco-organisation fees per unit and material; household and professional packaging split.
• Labelling: Triman logo + Info-tri sorting instructions on household packaging (AGEC law, Env. Code L. 541-9-3). Digital only for very small packs.
• Food packaging: same EPR duties. PFAS limits and food-contact suitability belong to whoever makes or imports the packaging — if that is your supplier, ask for their declaration; if you make or import it, they are yours. (from 2026-08-12)

| Material | kg |
|---|---|
| Glass | 80.0 |
| Paper & board | 450.0 |
| Flexible plastic | 35.0 |
| Rigid plastic | 45.0 |

## IT · Italy

• Register in CONAI (PPWR register not live yet) before the first sale
• Join CONAI + material consortia
• Appoint an EPR authorised representative (PPWR Art. 45) (from 2026-08-12)
• Report packaging quantities — Monthly, quarterly or annual by CONAI contribution band
• CONAI environmental contribution per material; plastic bands differ widely (revised 1 Oct 2026).
• Labelling: Material code on all packaging (Decision 97/129/EC, e.g. “PP 5”). Consumer packaging also needs Italian disposal guidance (“Raccolta …”, check local rules). QR/digital allowed. (from 2023-01-01)
• Food packaging: same EPR duties. PFAS limits and food-contact suitability belong to whoever makes or imports the packaging — if that is your supplier, ask for their declaration; if you make or import it, they are yours. (from 2026-08-12)

| Material | kg |
|---|---|
| Glass | 70.0 |
| Paper & board | 400.0 |
| Flexible plastic | 30.0 |
| Rigid plastic | 40.0 |
